In lines 13-15, "a restitution structure pivotally mounted to a bottom of each of the two swing arms," has been deleted. In line 15, "the" has been changed to --said—, and "structure" has been changed to --structures--.

2. The following is an examiner's statement of reasons for allowance: The prior art of record fails to show or teach applicant's claimed stepper comprising a main frame; two swing arms pivotally mounted to a base; two restitution structures pivotally mounted to the swing arms; each swing arm having treadmill belt and shaft; a drive motor; the restitution structure including an air spring and rack; the rack having a first end slidably mounted to the base and a second end pivotally connected to a respective swing arm; and the restitution structure having ends slidably received in a rectangular casing which is laterally attached to the base.
